

BHASKARACHARYA NATIONAL INSTITUTE FOR SPACE APPLICATIONS AND GEO-INFORMATICS

WEEKLY PROGRESS REPORT (29/06/2026 – 05/07/2026)

WEEK 7

PROJECT NAME	ROAD CONDITION
--------------	----------------

PROJECT DESCRIPTION :

This project aims to detect damages on road using Deep Learning and Computer Vision techniques.

GROUP MEMBER :

Omana Arya , Anshika tiwari

GROUP ID :

2026G263

GROUP GUIDE :

DR. MANOJ PANDYA

GROUP COORDINATOR :

VIVEK RAJAK

COLLEGE GUIDE NAME :

DR. SHWETA SAHARAN

COLLEGE GUIDE No. :

9509676076

COLLEGE GUIDE EMAIL. :

Shweta.saharan@gsv.ac.in

COLLEGE NAME :

GATI SHAKTI VISHWAVIDYALAYA

29/06/2026	Implemented and tested JSON generation for storing detection results and road-condition statistics.
30/06/2026	Continued development of the Streamlit dashboard and integrated additional analytics components for visualization.
01/07/2026	Performed end-to-end testing of the complete pipeline, identified issues in dashboard integration, and planned further improvements.
02/07/2026	worked on report, CD, required documents, files for final thesis submission.
03/07/2026	worked on report, CD, required documents, files for final thesis submission.
04/07/2026	worked on report, CD, required documents, files for final thesis submission.
05/07/2026	Holiday (Sunday)

Next Week Plan	Successful execution of project, presentation, report, final thesis.
